

Talk about go-anywhere versatility:

Garmin's nüvi® 360 is a portable GPS

Your Personal Travel Assistant.™

Now with Bluetooth® connectivity.

navigator, traveler's reference, and digital

entertainment system, all in one. Detailed

maps, automatic routing, turn-by-turn voice

directions and finger-touchscreen control

make navigation easy. And now, with

built-in Bluetooth® wireless, the nüvi 360

lets cellphone users talk hands-free. Other

useful travel tools include an MP3 player,

audio book player, JPEG picture viewer,

travel alarm, currency converters, and

more. Also, TMC traffic alerting and

various audio language translators* can be

added as options. Unique "spoken text"

interface technology even calls out turns

by street name – so with nüvi you can

focus on the road, not the map.

*Optional software add-ons sold separately

Moving map features

Storage: 2 GB internal storage media, pre-programmed with City Navigator™ NT for street-level detail and addresses, plus listings of nearest restaurants, hotels, ATMs, etc., throughout the U.S., Canada and Puerto Rico. In Europe, the nüvi 360 comes with full Western European detailed street map coverage

Map scale: Screen-width scale 640 feet to 4,000 miles

Navigation features

Routes: Automatically calculated with turn-by-turn instructions; custom road preference allows user to prioritize choice of back roads or major highways; automatic off-route recal shows how to get back on track if you miss a turn or exit; a detour function enables routing around traffic problems or road construction

Voice: Navigation instructions and warnings; Text-to-speech (TTS) feature identifies turns by street name

Waypoints: 500 with name and graphic symbol

Trip computer: Resettable odometer, timers, average and maximum speeds

Bluetooth® features: Bluetooth® wireless technology allows hands-free calling capability: Just speak contact names and phone numbers into the nüvi 360's built-in microphone for hands-free use with cellphones that support voice tags and Bluetooth.

Travel Kit Utilities

Features: The nüvi 360 offers built-in support for an array of useful travel-enjoyment tools, including: an MP3 player, audio book player (for Audible.com media), JPEG picture viewer, world travel clock with time zones, currency converter, measurement converter, calculator, card game, and travel alarm clock with automatic wake-up. Additional audio and content support is provided for optional Garmin Travel Guide and Garmin Language Guide software packages (sold separately).

GPS performance

Receiver: 12 channel SiRF Star III high-sensitivity GPS receiver (WAAS-enabled) continuously tracks and uses up to 12 satellites to compute and update your position
