

Answer the call of adventure with nüvi 660,
the sleek new GPS navigator and travel

Navigator, communicator, entertainer, translator.

assistant. It offers Bluetooth® wireless
technology for hands-free calling from
your compatible phone¹, plus preloaded
maps, voice guidance that speaks street
names and included traffic alerts². This
newest model in the popular nüvi family

features a super-bright widescreen display
for media player and picture viewer
applications and an FM transmitter (not
available in Europe) so you can wirelessly
transmit audio, including MP3s and audio
books, through your vehicle stereo.

Optional plug-ins for language
translation, detailed travel guide data
and retail savings programs allow you to
customize nüvi for your travel needs.

Moving map features

Storage: 2 GB internal storage media, preprogrammed with City Navigator® NT for street-level detail and addresses, plus listings of nearest restaurants, hotels, ATMs, etc., throughout the U.S., Canada and Puerto Rico. In Europe, the nüvi 660 comes with full Western European detailed street map coverage

Map scale: Screen-width scale 640 feet to 4,000 miles

Navigation features

Routes: Automatically calculated with turn-by-turn instructions; custom road preference allows user to prioritize choice of back roads or major highways; automatic off-route recalculation shows how to get back on track if you miss a turn or exit; a detour function enables routing around traffic problems or road construction

Voice: Navigation instructions and warnings; Text-to-speech (TTS) feature identifies turns by street name

Traffic: Alerts for traffic, road construction and weather-related tie-ups². nüvi 660 uses data to suggest alternate routes before problems are encountered

Waypoints: 500 with name and graphic symbol

Trip computer: Resettable odometer, timers, average and maximum speeds

Bluetooth® features: Bluetooth wireless technology allows hands-free calling capability when paired with your compatible phone. Just tap the screen to dial or answer a call, then speak into the nüvi 660's built-in microphone. Voice dial available on phones that support voice tags and Bluetooth

Audio: Wireless FM transmitter lets you send audio, including MP3s and audio books, through your vehicle stereo (North America only)

Travel kit utilities

Features: Built-in support for travel and enjoyment tools, including: an MP3 player, audio book player (for Audible.com media), JPEG picture viewer, world travel clock with time zones, currency converter, measurement converter, calculator, card game and travel alarm clock with automatic wake-up. Additional audio and content support is provided for optional Garmin Travel Guide™, Garmin Language Guide™ and SaversGuide® plug-ins (sold separately)

GPS performance

Receiver: SIRF Star III high-sensitivity GPS receiver

Interfaces: Proprietary Garmin through USB interface; USB mass storage, plug-and-play

Antenna: Flip up patch; MCX-type connector for optional external GPS antenna connection
