

You'll have a better picture of the road ahead, when you travel with Garmin's

Watch the road, weather and traffic – via satellite.

StreetPilot® 2730. It's the first to offer real-time XM NavTraffic, basic XM Weather, and XM Satellite Radio® reception (with the included GXM 30 Smart Antenna) – bringing you roadway advisories for major U.S. cities and interstate corridors nationwide.* Preloaded with City Navigator™ NT street detail for all of North America, this StreetPilot comes ready to go, right from the box. And its audio "spoken text" capability automatically routes you with turn-by-turn voice prompts that give directions by speaking the street name – so you can focus on the road, not the map.

* Requires a subscription from XM Satellite Radio. Traffic services available only in select cities where XM NavTraffic coverage exists.

Moving map features

Storage: Internal solid-state storage comes pre-loaded with City Navigator™ NT for street-level detail and addresses, plus listings of nearby restaurants, hotels, ATMs, etc., throughout the U.S., Canada and Puerto Rico. Approximately 750 MB of internal memory is user-available for supplemental maps, MP3s and audio book media from Audible.com.

type in an address

select from search results

Custom POIs: Custom POIs let you add restaurants, safety cameras and other points of interest to the preloaded map. Proximity alerting warns of upcoming custom POIs, such as safety cameras or school zones.

Navigation features

Routes: Automatically calculated with turn-by-turn instructions; up to 50 stored routes; each stored route can contain multiple via points, which can be auto-arranged to minimize trip distance; custom road preference allows user to prioritize choice of back roads or major highways; automatic off-route recal shows how to get back on track if you miss a turn or exit; a detour function enables routing around traffic problems or road construction

press "Go To!"

follow the route

Voice: Navigation instruction and warnings. Text-to-speech (TTS) capability identifies turns and locations by spoken street name

Waypoints: 2000 with name and graphic symbol

Track log: 2000 track log points

Mileage log: Calculates travel mileage for up to four different trips or legs

Trip computer: Resettable odometer, timers, average and maximum speeds

Travel entertainment

Features: Built-in MP3 player and audio book player (for Audible.com media); supports 150+ digital channels of XM Radio with included GXM 30 Smart Antenna (XM subscription required); all music or speech files can be output through the user's car audio system via the StreetPilot's integrated FM wireless transmitter or 3.5 mm stereo headphone/line-out jack

GPS performance

Receiver: WAAS/EGNOS enabled; 12 parallel channel GPS receiver continuously tracks and uses up to 12 satellites to compute and update your position

Acquisition times:
Warm: Approximately 15 seconds
Cold: Approximately 45 seconds
AutoLocate®: Approximately 2 minutes

Update rate: 1/second, continuous

GPS Accuracy:
Position: <3 meters, 95% typical
Velocity: 0.05 meter/sec steady state

DGPS (WAAS) Accuracy:
Position: 15 meters (49 feet), 95% typical
Velocity: 0.05 meter/sec steady state

Interfaces: USB 2.0 full speed device
Antenna: Built-in patch; MCX-type connector for optional external GPS antenna connection

Physical
Size: 5.6" W x 3.2" H x 2.0" D (14.3 x 8.0 x 5.0 cm)
Weight: .93 pounds (420 g)
Display: 3.8"-diagonal WQVGA color, automotive-grade, sunlight-readable TFT display w/automatic dimming backlight and touch screen; 3.3" W x 1.7" H; 454 x 240 pixels

Infrared: Remote control, IR port
Photo sensor: Senses lighting conditions for automatic backlight dimming

Case: Rugged; fully gasketed
Temp. range: 5°F to 158°F (-15°C to 70°C)
Data storage: Indefinite; no memory battery required
Map storage: Preloaded internal solid-state storage

Power
Input: 12v DC
Usage: 12w max. @ 13.8v DC

Accessories
Standard: Preloaded internal storage with detailed U.S., Canada and Puerto Rico maps, GXM 30™ Smart Antenna, Integrated FM wireless transmitter, Alphanumeric remote control, External speaker with 12-volt adapter cable, Built-in MP3 player, USB interface cable, A/C power adapter, Dash mount, Portable non-skid mount (friction mount), Protective cover, Owner's Manual, Quick-reference guide

Optional: Remote GPS antenna (GA 27C), Deluxe carrying case, Select MapSource® products

*Traffic services available only in select cities where XM NavTraffic coverage exists. Requires GXM 30 Smart Antenna (included) and subscription fee to enable XM Satellite Radio and/or XM NavTraffic capability.
